

5x5 Team BLD

- 1) People will participate in pairs, one person being the caller and other person being the solver.
- 2) The solver has to be completely blindfolded from the start of inspection until stopping the timer.
- 3) The time limit is 15 minutes.
- 4) The format is best of 1.
- 5) The solver shouldn't receive any information from anyone other than the caller.
- 6) The caller will receive 15 seconds of inspection.
- 7) Each team will have one judge.

13x13 Challenge

- 1) The 13x13 will be scrambled using a 3x3 scramble i.e outer layer turns only, and the goal is to do a speedsolve on it.
- 2) Each participant will get one trial solve, and one final solve. The trial solve time will **NOT** be counted, it is only to familiarise yourself with the turning of the cube.
- 3) The participant will get 15 seconds of inspection as per WCA rules.
- 4) The time limit is 3 minutes.

Cuber Atlas

- 1) This is the variation of the classic Atlas game where people have to say countries beginning from the last letter of the previous country, and the person not able to say a country in the given time is eliminated. However, here instead of countries you will have to say names of Cubers!
- 2) People will participate in pairs.
- 3) Each team will get 10 seconds on their turn (subject to change)
- 4) Only Full Names count, so if someone says 'Kevin Hays', then the next team can say 'Seung hyuk Nahm'
- 5) The Delegates can do a WCA search of the cuber in case of disputes.
- 6) Last team standing wins!
